

May 16, 1925

Mr. Leslie Bowen,  
506 E. Main St.,  
Burley, Idaho.

*Cedar Creek*

Dear Sir:

RE: ~~SEVIER~~ DISTRIBUTION:

This office is in receipt of a call from the Cedar Creek High Water Irrigation Company for the appointment of a deputy water commissioner and on consultation with Commissioner McBride I find that two years ago you acted as such with satisfaction to the users.

Please let me know at once if you are in a position to take on this work and are willing to do so on the same basis as two years ago. Also please advise me how soon you could get down to Sanpete and take hold in case this proposed arrangement went through.

Yours very truly,

GEO. M. BACON  
State Engineer
